Important (Material Circumstances)

If the information in The Schedule is incorrect or incomplete, or if the insurance does not meet Your requirements, please tell Us as soon as possible.

You are reminded of the need to tell Us immediately of any circumstances or changes which We would take into account in Our assessment or acceptance of this insurance as failure to disclose all relevant circumstances may invalidate Your policy, or may result in the policy not operating fully.

Important - Insurance Act 2015

The Insurance Act 2015 comes into force on 12 August 2016.

We have prepared Your policy wording to comply with the new Act from the effective date shown on Your Schedule (which may be before 12th August 2016), and Your contract of insurance should be read in the context of the provisions of the Act.

In particular, We are complying with section 8 and Schedule 1 of the Act as regards proportionate remedies for breach by Our policyholder of their duty to make a fair presentation of the risk to Us.

In return, We are asking that You also comply with the Act as regards Your duty to make a fair presentation of the risk to Us.

Customer Obligations - Actions You Must Take

The following Customer Obligations are actions You must take before We are liable to pay a claim. Failure to take the required action can invalidate Your cover. Please read these carefully and take the required action to ensure Your cover remains in force.

Applicable to all Sections

Reasonable Precaution and Maintenance of Property

You must take reasonable precautions to prevent

- (1) Damage to Your Property Insured by maintaining Your Premises and equipment (including data and programs), in a satisfactory state of repair and in full working order, ensuring that plant and machinery comply with any Statutory Regulations
- (2) accident or injury to any person or Damage to their property by complying with all legal requirements and safety regulations.

Claims Procedure

You must tell us immediately or at least within 7 days of becoming aware of any incident which may result in a claim.

You must report to the police, as soon as reasonably possible, any damage arising from Theft, Arson, Malicious Damage, and within 7 days for Riot or Civil Commotion.

You must provide us with all information of the loss, liability, destruction, damage, accident or injury, including the amount of the claim, and any communication from 3rd parties.

You must not admit or deny fault or accept responsibility or make any payments, admit, deny, negotiate or settle any claim without our prior written consent.

You can with Our consent arrange for urgent repairs to be done immediately which are reasonable and necessary to secure the Property Insured.

You must allow Us to take over and conduct in Your name the defence or settlement of any claim. You will also allow Us to prosecute, at Our own expense and for Our own benefit, any claim for cover or compensation against any other person. You must give us all information assistance We require.

Applicable to the Public and Products Liability Section

Customer Obligation - Use of Heat

You must ensure that the precautions detailed below, are taken each time any of the following equipment is used away from premises which You own hire or rent

1. electric, oxy-acetylene or similar welding or cutting equipment
2. cutting or grinding equipment using abrasive disks or wheels
3. blow lamp, blow torch, hot air gun or hot air stripper
4. asphalt, bitumen, tar or pitch heater.

BEFORE STARTING WORK

Where You and any other persons for whom You are responsible are working at a site, a responsible person must be appointed for fire safety to ensure the following precautions are taken.

1. Fire safety checks to identify material which might be liable to catch fire must be carried out before work commences, including checking the areas under floors or decks, above ceilings (including false or suspended ceilings) and behind walls, screens, bulkheads or partitions. These checks must be repeated regularly while work is in progress and immediate steps taken to extinguish smouldering or flames detected.
2. At the point of application of heat, including if there is a risk of ignition directly or by conduction, combustible materials, including those under floors or decks or above ceilings (including false or suspended ceilings) and behind walls, screens, bulkheads or partitions, must be removed.
If this is not practicable
 - a. combustible materials within the immediate vicinity must be covered by overlapping sheets or screens of non-combustible material when using any blow lamp, blow torch, hot air gun or hot air stripper and/or
 - b. combustible materials within 10 metres must be covered and protected by overlapping sheets or screens of non-combustible material when using any electric, oxy-acetylene or similar welding or cutting equipment, cutting or grinding equipment using abrasive disks or wheels or any asphalt, bitumen, tar or pitch heater.
3. all gaps or holes through which sparks or flames could pass must be covered by non-combustible material.

WHILE WORK IS IN PROGRESS

1. A sufficient number of portable fire extinguishers in full working order and suitable for dealing with the type of fire risk expected must be kept available at the point of application of heat and used immediately smoke, smouldering or flames are detected.
2. Heat equipment must not be lit until immediately before use or left unattended while lit, switched on or hot, and must be extinguished immediately after use.
3. Cylinders must not be changed while the equipment is hot and when not in use kept at least 15 metres from the burner.
4. Paraffin or petrol powered equipment must be filled/refilled in the open and must not be filled/refilled when hot.
5. Asphalt, bitumen, tar or pitch must only be heated in the open and in a container designed for that purpose, placed on a non-combustible surface at ground level.

AFTER FINISHING WORK

Hot waste materials and welding rods must be removed and safely disposed of and a final safety check must be carried out within 30 and 60 minutes after work has finished and immediate steps taken to extinguish smouldering or flames detected.
